County Recorder's Office Update

Alameda County - one of the CA Counties that do not e-record – effective tonight at midnight, the recorder's office will be closed to the public (including recording services); a locked drop box will be available outside for documents to be recorded. Please check with your recording service regarding specific restrictions and to determine the drop-off times

Calaveras County - closed to the public - processing eRecordings and mailed documents.

Contra Costa County – closed to the public through 4/6/2020 - processing eRecordings and mailed documents. Advised to expect delays in eRecording turnaround times.

Fresno County - closed to the public - processing eRecordings and mailed documents.

Imperial County - one of the CA Counties that do not e-record - staying open for now; however, effective tonight at midnight, the recorder's office will only accept documents for recording once in the morning until 10:30am

Humboldt County - closed to the public – only processing mailed documents.

Inyo County – closed to the public – only processing mailed documents.

Kern County – closed to the public through 4/13/2020 - processing eRecordings and mailed documents.

Kings County - one of the CA Counties that does not e-record – staying open with limited hours from 10:00am to 1:00pm during when it will accept recordings to be processed the next business day; also processing mailed documents.

Los Angeles County – closed to the public until further notice - processing eRecordings and mailed documents. Advised to expect delays in eRecording turnaround times.

Madera County – closed to the public – processing eRecordings and mailed documents.

Monterey County – closed to the public – processing eRecordings and mailed documents.

Nevada County – closed to the public – processing eRecordings and mailed documents.

Orange County – closed to the public until further notice - processing eRecordings and mailed documents. Advised to expect delays in eRecording turnaround times.

Placer County – closed to the public – processing eRecordings and mailed documents.

Plumas County – one of the CA Counties that do not e-record – is now closed. Recordings may be left in an available dropbox that is located outside the interior recorder's door; then a call is made to have the recorder retrieve the documents. The county recorder will then fax the recording confirmation.

Riverside County – closed to the public until further notice - processing eRecordings and mailed documents.

Sacramento County – closed to the public – processing eRecordings and mailed documents.

San Benito – reduced hours from 8:00am through 1:00pm until further notice; new cut off time of 12:00pm.

San Bernardino - closed to the public until further notice - processing eRecordings and mailed documents. Advised to expect delays in eRecording turnaround times.

San Diego County – closed to the public until further notice - processing eRecordings and mailed documents.

San Francisco – closed to the public until further notice - processing eRecordings and mailed documents. eRecordings hours will be expanded until 4:00pm.

San Luis Obispo County - closed to the public until further notice - processing eRecordings and mailed documents; also added a drop box at 1055 Monterey Street.

San Mateo - closed to the public until further notice - processing eRecordings and mailed documents.

Santa Barbara – closed to the public until further notice - processing eRecordings and mailed documents. Advised to expect delays in eRecording turnaround times.

Santa Clara – closed to the public until further notice - processing eRecordings and mailed documents. Advised to expect delays in eRecording turnaround times.

Santa Cruz – closed to the public until further notice - processing eRecordings and mailed documents.

Stanislaus County - one of the CA Counties that do not e-record - staying open for now

Sonoma – closed to the public until further notice - processing eRecordings and mailed documents.

Sonoma County – closed to the public until further notice - processing eRecordings and mailed documents.

Tulare County – closed to the public until further notice - processing eRecordings and mailed documents.

Ventura County - closed to the public - processing eRecordings and mailed documents.

NOTE: in addition to the above limitations, a number of counties have changed the "cut-off" time for recording package submissions and many of the small county recorder's offices have reduced the hours of operations and advised of 1-3 day recording confirmation delays.

RECORDER UPDATE

March 19, 2020 8:22 PM

“Stay-at-Home” and “Shelter-In” Orders -

On Thursday, March 19, 2020 Governor Newsom issued a statewide “stay-at-home” order

“Stay-at-Home” and “Shelter-In” requirements mean that businesses are closed and employees are required to work from home unless the business is considered essential. The business performed by the Stewart family of Companies is essential services to the public and considered “essential businesses” as defined in these orders.
